EDMONTON, FEBRUARY 28TH, 1925.

TO HIS HONOUR

ROBERT GEORGE BRETT,

*Lieutenant Governor of the Province of Alberta.*

SIR,—I have the honour to transmit herewith the Report of the Department of Municipal Affairs for the year 1924.

I have the honour to be, Sir,

Your obedient servant,

H. GREENFIELD,

*Minister of Municipal Affairs.*

EDMONTON, FEBRUARY 27TH, 1925.

HONOURABLE HERBERT GREENFIELD,  
*Minister of Municipal Affairs,*  
EDMONTON, ALTA.

SIR,—I have the honour to submit herewith report covering the work of the Department of Municipal Affairs for the year 1924.

On October 21st last, Mr. J. H. Lamb, the Deputy Minister, was taken ill. For a short period he seemed to improve rapidly, and it was hoped that he would soon be able to resume his place in his office. A relapse, however, occurred, and up to the present he has been prevented from taking up his work. Many inquiries from municipal officials regarding his condition show the esteem in which he is held by those who have been brought into contact with him in connection with his official duties. I desire to express my regret that he is still unable at this time to prepare and present this Annual Report.

The work of the Department has been carried on throughout the year with very little change in the personnel of the staff. There have been 8 retirements and 4 additions; two of those added give part time service only. At the close of the year there were 76 on the staff on full time and 4 on part time, as compared with 82 for full time and 2 part time at January 1st, 1924.

The volume of correspondence handled by the mailing office of the Department indicates to some extent the work of this Department and is shown in the following tables—"A," "B," and "C."

*General Assessment in Rural Municipalities.*

Through amendments to The Municipal District Act in the 1924 session of the Legislature, all Municipal Districts were required to make the general quinquennial assessment of all their assessable lands during 1924. In preparation for this, meetings were held by officials of the Department at several points in the Province, which Assessors, Secretary-Treasurers, and Reeves were especially invited to attend, to discuss the procedure which should be followed and the nature and extent of the duties which Assessors were called upon to perform. The majority of the Municipal Districts were represented at these meetings by the Assessors and by other officials; but I regret that some

Municipal Districts had not at the time made appointments of Assessors, and these officials consequently were unable to attend.

It was considered, in the interest of the Municipal Districts, that an accurate detailed description of lands in all rural municipalities should be obtained and kept on record in the files of the municipalities. For this purpose, as well as for the purpose of the assessment, a form for the Assessor's reports on the lands he assessed was prepared, and Assessors were asked to make their reports thereon with descriptions in detail. I am pleased to report that many Municipalities now have these records in their possession, but there are several instances in which these forms have not been used to their full purpose.

The time set out in the Act within which the work of the Assessors should be completed, proved to be short and as a consequence many petitions were presented to the Department asking for an extension of time through an Order of the Minister. In all, orders were issued for this purpose to seventy-five different Municipal Districts.

Owing to the extensions of time given in connection with the work of assessment, the returns to this Department as required under Section 231 of The Municipal District Act have been delayed. Reports have been received from eighty-nine municipalities, and reports are awaited from eighty others.

The quinquennial assessment of lands in all Improvement Districts must be made in 1925. In preparation for this heavy task, the Assessors have been making inspections of the lands in so far as possible during 1924, and very considerable progress has been made, as is shown in the report of the Chief Assessor attached hereto.

The year 1924 provided a bountiful harvest in certain portions of the Province. Harvest conditions were such, however, that in some districts farmers were not able to complete threshing before winter set in, and so were not able to realize fully from the year's work. In certain parts of the Province, on the contrary, crops were a complete failure, and not only were the sown or planted crops a failure, but the natural grass and hay supply was missing. Municipalities in these areas have been most seriously handicapped. The results show municipalities in some districts have been able to carry on their usual public works, tax collections being better than the average; while in others, tax collections have been extremely light, and this has had an effect on the total results of the year.

#### *Debenture Issues.*

Debentures issued by municipalities during 1924 were:

Cities .....	\$3,543,447.17
Towns .....	22,500.00
Villages .....	9,500.00
Municipal Districts .....	-----
Total .....	\$3,575,447.17
Of this amount re-bonding issues were .....	3,569,093.77
New issues amounted to .....	\$ 6,353.40

In Improvement Districts the same conditions have had their influence on the receipts from tax levies. The schedules in this report

show a smaller gross collection of taxes by this Department than in the year 1923. This, however, arises largely from the fact that in 1923 a special effort had been made to pay up arrears in order to have procedure under The Tax Recovery Act withdrawn.

The receipts of the Department have fallen short of the estimates by \$505,219.86. This is accounted for mainly by The Mineral Taxation Act, collections on which were short to the extent of \$397,418.74. Early in the year the Government of Canada decided the Act under which these taxes were being collected to be *ultra vires*, and collections were abandoned. The repayments to the Province of seed grain and relief indebtedness also fell short of the estimate by \$34,843.86.

The amount of collections by the Department on account of Provincial Revenues for the year 1924 amounted to \$2,332,534.55, as compared with \$2,328,631.00 in 1923 and \$2,080,249.62 in 1922.

#### *Tax Recovery.*

The Forfeited Lands Branch during the year has proceeded with the work of cancellation of plans of subdivisions. It has completed the cancellation in full of 28 plans and in part of 21, thus disposing of 49 plans. These effected the removal from the assessment and tax rolls of 29,198 parcels. The area of land resultant from these cancellations is 4,526 acres. Progress has been made with 46 other plans which it is hoped may be completed this year.

This branch has effected redemption of 37 parcels of farm lands which had been acquired through various tax enforcement procedures, and 219 parcels contained within plans of subdivisions were redeemed. Sales were made of 24 parcels of farm lands and 341 parcels in subdivisions. A complete report from Mr. Michel, clerk in charge, is attached hereto.

The Tax Recovery Act, 1922, has been effective in the collection of school arrears by this Department to the amount of \$215,987.56; which following the collection of \$346,917.55 in the year 1923, will reduce the outstanding arrears on this account considerably.

#### *Legislation.*

The Municipal District Act, The Town Act, and The Village Act have been amended from time to time for a number of years.

On the instructions of the Honourable the Minister the officials of the Department have given very considerable attention to the matter of preparing drafts of new Acts which it would seem opportune and advisable to enact to replace those now on our statutes.

#### *Timber Areas Tax.*

The arrears of taxes outstanding under this Act have increased considerably from the levy made in 1924. Arrears at January 5th, 1924, were \$63,297.09, and at January 5th, 1925, \$87,543.40; an increase of \$24,246.31. The total levy of 1924 was \$36,905.67. The payments received during the year on account of arrears and current, therefore, were approximately one-third of the levy for the year.

In the year 1923 an amendment was made to this Act by which the rate of taxation was increased from 1 cent per acre to 3 cents

per acre. Holders of timber berths generally have raised objection to this increased rate, and some who paid promptly before the change have allowed their taxes to become arrears.

Under this Act the minimum tax on any berth is \$25.00. This is a heavy burden on the holders of small berths, but does not affect large holdings. In the majority of small holders, it becomes a levy of from 7 cents to 15 cents per acre on the actual areas of the berths, and when it is recognized that in many berths part only of the area included carries timber, it will be seen that the tax is even more than this on the timber area. In view of this, it might be well to consider the reduction of this minimum to \$10.00 for each berth or permit.

#### *Advances and Guarantees.*

Municipal Districts made practically no seed grain advances during 1924, and consequently no additional issues of notes were made for this purpose. Possibly this is due to some extent to the fact that the Government of the Province no longer guarantees such notes.

The unpaid notes for the advances of seed grain, rye, and relief in the years 1921 and 1922 as at December 31st, 1924, are shown in the following statement. The notes of the various Municipal Districts for these borrowings are guaranteed by the Province.

Of the 169 Municipal Districts in the Province, only 8 have outstanding debentures indebtedness; the total of this amounting to \$61,000.00. All the debenture payments falling due during 1924 were promptly met. No new debentures were issued. Sixty-eight Municipal Districts were able to carry on the business of the year without borrowing for any purpose. Of the 101 which borrowed, all but 29 repaid in full their borrowings for municipal purposes for the year. The unpaid loans of the 29 districts total \$127,519.48, being an average of \$4,397.00 for each of those which carried over loans into 1925. Twenty-five Municipal Districts which collect school taxes did not repay in full the borrowings for school purposes; the amount unpaid at the end of the year being \$131,916.89, an average of \$5,276.00 for each of the districts thus carrying over school borrowings. All the other Municipal Districts were in a position to meet their current obligations before the end of the year.

In the area of the Province which has been termed the "Drought Area," there are 13 Municipal Districts. In these only 13% of the total arrears and current taxes were collected during 1924, the collections being equal to 56% of the current levy.

#### *Equalization Board.*

The Supplementary Revenue Act requires that the total equalized assessed values for all municipalities shall be determined again during 1925 by the Assessment Equalization Board.

The assessment branch of this Department has been compiling information from the reports of the Municipal Districts regarding their assessment as they arrive, so that these may be placed at the disposal of the Board.

Included herewith are the reports of Mr. S. V. Lea, Chief Assessor and Mr. A. H. Michel, Clerk in charge of Forfeited Lands, and various statistics which are included in and form a part of this Report.

Respectfully submitted,

W. D. SPENCE,

*Tax Commissioner.*

## WILD LAND TAX BRANCH REPORT

W. D. SPENCE, Esq.,

*Acting Deputy Minister of Municipal Affairs,*

EDMONTON, ALBERTA.

SIR,—I have the honour to submit herewith a report concerning the work of the Wild Lands Tax Branch.

The duties incumbent upon this branch of the Department of Municipal Affairs, have largely increased in volume during the last three years, and the duties in connection with the administration of The Wild Lands Tax Act now form only a minor part, as compared with conditions prevailing a few years ago.

In addition to the duties devolving upon the branch under The Wild Lands Tax Act, the work of appraising each parcel of land situated in Improvement Districts throughout the Province, has been assigned to this branch; and I am pleased to state, that it has been the aim and object of each member of the staff to work in co-operation in order that the best results (in arriving at a fair basis of valuation) might be maintained; and to that end the numerous varying characteristics which have a bearing on land values have been discussed pro and con. The information derived in this manner led to the inauguration of a specially prepared valuation sheet, upon which an Assessor could detail any parcel of land which came under his supervision for inspection. A similar form to the one in use by this Department, was designed for the use of Assessors in each municipality within the Province, to bring about uniformity, and I am pleased to admit that a close study of this form and the strict adherence to its principle, will undoubtedly result in a much superior assessment than heretofore, and I think the result will mean a substantial reduction in the number of appeals.

A large number of parcels of land, the property of the Canadian Pacific Railway Company (which became assessable for the first time in the year 1924) were inspected and valued, and the values inserted in the current year's assessment roll.

Fifty-one parcels of land, together with improvements thereon, were appraised, as were also many subdivisions and reports forwarded to the Tax Recovery Branch.

### *Comparative Wild Land Tax Levy 1923 and 1924.*

	1923		1924	
	Acreage	Levy	Acreage	Levy
Mun. Districts -----	2,790,462	\$353,055.69	2,802,456	\$360,240.92
Imp. Districts -----	1,458,925	163,118.53	1,591,724	176,785.91
Totals -----	4,249,387	\$521,174.22	4,394,180	\$537,026.83

Increase for 1924-----144,693 acres, \$15,852.61 levy.

The number of parcels assessed in Improvement Districts amounted to 10,270. Appeals were received numbering 503; of these 281

were exempted, 184 confirmed, while 38 are to be investigated during the coming season.

The bulk of the work of appraising, preparatory for the revised general assessment for the year 1926, has been completed.

Thirty-one inspections in Municipal Districts were made for the purpose of ascertaining whether or not the provisions of The Wild Land Tax Act were being fulfilled, and suggestions were given whereby a more accurate assessment could be made.

Where considerable variance occurred in the total current year's levy, as compared with the levy of the previous year, the municipality concerned was requested to give an explanation, which, in most cases, proved satisfactory to the Department.

Respectfully submitted,

SIDNEY V. LEA,

*Chief Wild Lands Assessor.*

W. D. SPENCE, Esq.,

. *Acting Deputy Minister of Municipal Affairs,*

EDMONTON, ALBERTA.

SIR,—In compliance with your request, I beg to submit the following information pertaining to lands acquired by the Crown in the right of the Province under Tax Enforcement and Tax Recovery proceedings and the Public Utilities Act:

At the end of the year the Province still owned 305 parcels of farm land comprising approximately 43,734.17 acres, 22,738 lots, and 35 unsubdivided blocks. It is hoped, however, that a large number of these lots and blocks will be cancelled during the year 1925 through proceedings already commenced under The Public Utilities Act.

During the year 1924, 37 parcels of farm lands were redeemed comprising 3,652.04 acres through which the sum of \$7,995.83 was collected, being disbursed as follows:

Municipal Taxes .....	\$3,362.43
Paid to School Districts .....	1,706.66
Costs and Redemption Fees .....	290.12
Paid to Provincial Department of Agriculture for Seed Grain and Relief .....	842.30
Paid to Dominion Government for Seed Grain and Relief .....	156.99
Paid to Provincial Treasurer (Capital Account).....	748.86
To reimburse advances on taxes to School and Municipal Districts; Paid into the Provincial Treasurer as profit .....	888.47
Total .....	\$7,995.83

During the year 209 lots and 9½ blocks were redeemed from which was collected the sum of \$3,267.02, being disbursed as follows:

Municipal Taxes .....	\$ 729.31
School .....	1,763.01
Costs and Redemption Fees .....	678.42
Paid to Provincial Treasurer to Reimburse Capital Account .....	60.63
Paid to Provincial Treasurer as profit .....	35.65
Total .....	\$3,267.02

The total number of parcels sold during the year was 24 parcels of farm land and 341 lots.

During the year 83 parcels of farm land was acquired through cancellation of subdivisions; these proceedings being taken under The Public Utilities Act, the total area acquired being 7,920.33 acres. This amount included a few parcels obtained through the filing of caveats in the year 1922. 21 parcels of farm land were also acquired during the year under the provisions of Section 44 of The Tax Recovery Act, 1919, and sub-section 2, Section 13 of The Tax Sale Relief Act, comprising 2,593.33 acres.

The total amount of monies collected by this Branch was \$27,259.42 being made up as follows:

From sales of land .....	\$14,557.56
Redemptions .....	11,387.55
Grazing and Crop Leases .....	430.80

From Squatters -----	\$ 40.00
Rent of Buildings -----	742.67
Miscellaneous Collections -----	100.84

Being disbursed as follows:

Municipal Taxes -----	\$ 6,595.49
School Taxes -----	5,820.34
Costs and Redemption Fees -----	3,384.79
Seed Grain and Relief -----	1,131.09
Miscellaneous -----	.76
Provincial Treasurer (Capital Account) -----	4,141.99
Provincial Treasurer (Income) -----	6,184.96

During the year 28 plans of subdivisions were cancelled in full, 21 in part and 46 are still in process of cancellation, the total number of lots cancelled being 29,057 and 141 unsubdivided blocks, the total acreage resulting from cancellation being 4,526 acres.

In addition to the above statement the synoptic shows the sum of \$11,630.05 as being collected during the year for costs in connection with lands under Tax Recovery Proceedings.

Respectfully submitted,

A. H. MICHEL,

*Clerk in charge Tax Recovery Branch.*
